Kirtan Darbar and Community Kitchen

Mohali 18 Aug 2023/ Link: <https://www.gjimt.ac.in/kirtan-darbar-2-2/>

On 18th August 2023, Gian Jyoti Institute of Management and Technology (GJIMT) in Mohali hosted a spiritually enriching event, a Kirtan Darbar, followed by a Community Kitchen (Langar). The event, which started at 10:00 AM, aimed to bring together students, staff, and community members for an uplifting experience of devotion and service. The Kirtan Darbar featured soulful renditions of devotional hymns by esteemed ragis (devotional singers) and insightful discourses from religious leaders. Their spiritual wisdom and melodious hymns filled the atmosphere with peace and serenity, offering participants an opportunity to reflect and seek blessings. The gathering fostered unity, spiritual growth, and a sense of belonging. Following the Kirtan, a Community Kitchen (Langar) was organized, where participants shared a meal in the traditional spirit of equality and service. This added to the sense of community, as everyone came together to serve and partake in the meal, reinforcing the values of humility and compassion. The event was well-received, with active involvement from GJIMT students and faculty. Dr. Aneet Bedi, Director of GJIMT, expressed her heartfelt gratitude to all who contributed to the success of the event. She emphasized the importance of such spiritual and community-driven initiatives in promoting peace, harmony, and togetherness.

The week-long activity saw an overwhelming response from all the stakeholders. The students gathered gently worn, clean shoes like sneakers, sandals, formal shoes, and more to give someone the gift of dignity and comfort. The event was a huge success as donors contributed a remarkable 122 pairs of shoes, ranging from children's sizes to adult sizes. The shoes were distributed among the residents of Mallu Majra. The initiative not only provides for the underprivileged but also addresses the issue of environmental sustainability by extending the lifecycle of shoes and reducing landfill waste. Gian Jyoti Institute of Management and Technology (GJIMT) organized a Free Eye Check-Up Camp for the children of nearby communities. This initiative was aimed at promoting eye health and raising awareness about vision care, particularly among young children who may face eye-related issues at a crucial stage of their development.

A team of experienced ophthalmologists and healthcare professionals conducted comprehensive eye examinations, offering guidance on proper vision care, preventive measures, and the importance of maintaining good eye health from an early age. The children received free consultations, basic treatments, and advice on protecting their eyes from strain and other common vision issues.
