Rotaract Club of GJIMT Successfully Organizes Visit to Anganwadi – ‘Spread Happiness’

In a heartwarming initiative aimed at spreading joy and supporting the welfare of underprivileged children, the **Rotaract Club GJIMT, Mohali** recently organized a visit to the **Anganwadi in Phase 2, Mohali** under the banner of ‘**Spread Happiness**’. The event, which focused on bringing smiles to the faces of children, was a part of the Club’s ongoing community service program, which seeks to uplift and support those in need.

During the visit, Rotaract members engaged the children in a series of fun, educational, and interactive activities including drawing, singing, dancing, and storytelling. These activities not only entertained the children but also contributed to their cognitive, social, and emotional development. The volunteers took time to personally interact with the children, providing them with much-needed attention, encouragement, and support, fostering an atmosphere of warmth and care.

In addition to the activities, the Rotaract Club also organized a **donation drive**, where essential items such as books, stationery, toys, and clothing were collected and presented to the children. These contributions are intended to improve the learning environment at the Anganwadi and ensure that the children have access to necessary resources for their education and personal growth.

The event also served to highlight the importance of early childhood education and the crucial role of Anganwadis in the development of young minds, particularly in underprivileged communities. Through this initiative, Rotaract Club GJIMT not only spread happiness among the children but also inspired community members to actively engage in social causes and contribute to the well-being of others.

The success of the event was a testament to the Club’s commitment to social service, demonstrating how small efforts can make a big difference in the lives of those who need it the most.

DETAILED REPORT

“Tree Plantation Drive”

Date: April 16, 2025

Venue: Inside and Outside GJIMT campus, Phase – 2, Mohali

Time: 10:00 am – 12:00 (Noon)

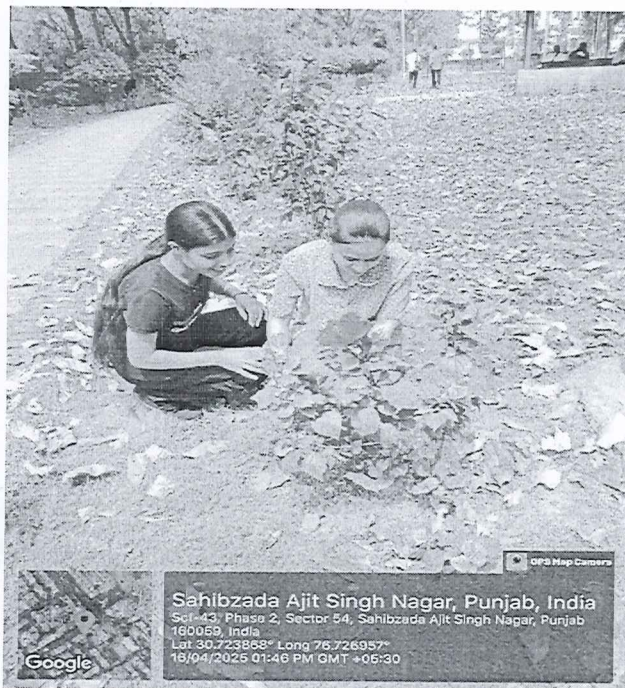

On 16th April 2025, the Gian Jyoti Institute of Management and Technology (GJIMT) showcased its dedication to environmental responsibility through a Tree Plantation Drive organized by the Rotaract Club. Spearheaded by 12 committed volunteers, the initiative reflected a deep sense of purpose and leadership. The drive aimed to raise environmental awareness and highlight the role of tree planting in mitigating climate change and enriching biodiversity. Preparations involved identifying optimal planting spots on and around the campus to ensure the saplings would thrive.

Over various native saplings, including neem, peepal, and gulmohar, were planted. These species were chosen for their environmental benefits and suitability to the region.

The active involvement of the institute’s management and faculty advisors further strengthened the event. Their support was instrumental in providing resources and guidance, ensuring the smooth execution of the drive. The Rotaract volunteers also pledged to monitor the saplings regularly and undertake necessary care to ensure their growth and survival.

This Tree Plantation Drive at GJIMT was more than just planting trees; it was about planting the seeds of environmental consciousness and sustainable habits among the younger generation. The event served as a reminder of the role that educational institutions play in promoting ecological well-being and civic responsibility. It instilled a sense of pride and accomplishment among the volunteers and participants, who left with a renewed commitment to protect and nurture the environment.

In conclusion, the initiative led by the 12 Rotaract Club volunteers was a significant step toward creating a greener and healthier campus. The drive’s success underscores the power of collective action and youth leadership in addressing environmental challenges. The Gian Jyoti Institute of Management and Technology looks forward to hosting more such activities in the future, continuing its journey toward sustainability and environmental stewardship.
