
4.2.1 Library is automated with digital facilities using Integrated Library Management System (ILMS)

The GJIMT Library is a key academic resource centre that plays a vital role in supporting the educational needs of students and faculty. It boasts a substantial collection, including 17068 books, 99 journals, 11 magazines, 10 newspapers, and CDs, along with numerous articles, newsletters, and project files.

LRC LMS: Learning Resource Centre fully Automated utilizes Edusecure an advanced management software with barcode technology. Software streamlines cataloguing, circulation, and tracking of resources, enhancing efficiency and user experience. Through mobile app student gets notification regarding library circular, book issue and return report and they can check the collection of library books also. Initial Automation E-Granthlaya 3.0 (2015), Upgraded to Edusecure in 2024

Web-OPAC E- Catalogue available on Institute Website. It provides ease in searching for information based on Title, Author, Publisher, Subject, and Category. E resources and online subscribed journals link also available on Institute website.

Digital Resources: LRC subscribes to various e-resources, including a digital section with 10 computer systems providing internet access for exploring e-databases, e-journals, and e-books.

Facilities and Services:

The library is designed to be user-friendly, offering photocopying services, access to old university question papers, and a display rack for new arrivals. It is inclusive with resources like a Braille keyboard and NVDA software to assist visually impaired students.
