
6.1.1 The governance of the institution is reflective of and in tune with the vision and mission of the institution

Vision and Mission of GJIMT

GJIMT aspires to be an institute of excellence, offering holistic, beyond-the-classroom learning experiences tailored to the evolving needs of global society. Its mission is to provide quality management and technical education while nurturing globally competent professionals. The institute is committed to serving industry and society with integrity, honesty, and transparency, fostering values like dignity, discipline, and all-around growth—intellectual, emotional, social, and physical.

Governance and Leadership

The institutional governance and leadership align seamlessly with GJIMT's vision and mission, reflected in key practices such as the effective implementation of the National Education Policy (NEP), sustained institutional growth, and decentralized decision-making. The leadership fosters participative governance, ensuring transparency and collective responsibility in both short-term and long-term Institutional Perspective Plans. A well-defined organizational structure enhances accountability, supported by various committees overseeing examinations, quality assurance (IQAC), research, and student welfare.

Committees and Initiatives

To promote discipline and inclusivity, GJIMT has established specialized cells such as the Anti-Ragging Cell, SC/ST Committee, and Grievance Redressal Cell. Additional initiatives like the Alumni Association, NCC, and Electoral Literacy Cell further enrich student development. These bodies operate independently under dedicated leadership, ensuring compliance with institutional policies while fostering an ethical and supportive academic environment. Through structured governance and progressive policies, GJIMT continues to strengthen its commitment to excellence and holistic education.

Vision of the Institute

To be an Institute of Excellence providing beyond-the-classroom stimulating experiences that are holistic and responsive to the current needs of the Global Society.

Mission of the Institute

- ▶ Impart holistic management and technical education
- ▶ Nurture and develop human resources of global standards
- ▶ Serve the industry and society productively
- ▶ Inculcating sense of honesty, morality, transparency and integrity
